## Mechanical Engineering Club

- Static-Structure Boot Camp (1 hr. reviews w a prof)
- Coordinate with Professional Orgs (ASME, SME)
- Career Development (for all specialties in dept)
- Trips ?

## Mechatronic Robotic

- Improve Little Robots for PI Conference 10/22/2011
- Investigate killer robots competition
- RICC Robot Competition? – have to really bring game if we do it
- Robot Races or Robot Parade?
- Help the hand and arm project move forward (and feet...)

## All Together

- Socials & Fund Raisers
  - water jet stuff,
  - engrave stuff,
  - cast resin key fobs, or two part with metal and plastic
  - Make buttons
- Pimp the lab (and hallways) and maintain – get super organized
- **Put a Project and Tasks Board in lab 508**
- Club Fair, Fall and Spring
- Figure out how to keep projects moving
- Get the department to do these things:
  - Hook up the polishing wheel
  - Get clocks for 508 and 511
  - Get a platform scale at least for 300 lbs.
- Make a schedule of shop-time including some evenings and weekends.
